

Finding University Hospital Galway by road:

Arriving in Galway by Road: Motorways from Dublin and from Cork/Limerick/Waterford feed into the M6 motorway leading into Galway. This becomes the N6 “outer-ring” around Galway.

Roads from Sligo/Mayo/Donegal (N17, N84) also feed into N6 “outer-ring” around Galway.

Follow signs for **UHG** towards the WEST side of the city. There are numerous roundabouts on the N6 so stay on the N6 west-bound until you get to the **BROWNE roundabout** which is located at the back-gate to University Hospital Galway (UHG).

Finding the Radiation Oncology Building at UHG:

From **BROWNE roundabout** (back gate to UHG) **turn RIGHT** after the **first zebra crossing**. (photo1)

Follow the road past the car-parks and grassy area and past the helicopter pad.

Pass the **Yellow Inis Aoibhinn Cancer Care West building** and **turn LEFT** after the zebra crossing into the front car park of the new Radiotherapy building (large imposing grey building). (photo2)

Photo-1 View after entering UHG (back-gate) from the BROWNE roundabout

Photo-2; View on passing the Inis Aoibheann Cancer Care West building and seeing the RO building.
